Shout Out to our Homies
Pyramid Valley Vineyards: Mike & Claudia Weersing
South Island, New Zealand

Mike and Claudia Weersing came to New Zealand in 1996. After a long and intensive 15 year search across the world to find a site for their own vineyard, they purchased a farm in the Pyramid Valley, near Waikari in North Canterbury, in 2000.

Pyramid Valley Wines have carved a reputation for themselves as being the most unique and naturally made wines in New Zealand. Biodynamics, hand-based viticulture, low yields, natural winemaking – these are the ways that the Weersings translate the natural terroir.

Mike and Claudia have their home vineyard which was established according to rules that Mike grew to respect and inherently trust during his time studying and working in Burgundy: Pinot Noir and Chardonnay have been planted, on clay-limestone soils on scarp slopes, at a density of 10,000-12,000 vines per hectare. The vineyard has been biodynamically managed from inception. With the Growers Collection, they work with admired colleagues, and with sites, soils, and varieties different than those at home. All of those wines are devoted to people and place, and for the Weersings, all bring rich rewards of community.

AGAVE SPIRITS

The producers of the below agave spirits echo similar sentiments to the natural wine producers we feature; they focus on the quality of the raw ingredient, take a minimal intervention approach and seek a path of sustainability for the future.

Tequila = must be produced from 'blue' agave in the state of Jalisco and a few neighbouring states. Basically the champagne of the agave world.

Mezcal = can be produced from over 30 different types of agave in 8 different states.

Sotol = a northern relative of tequila and mezcal, distilled from Sotol aka 'desert spoon'.
